

IFC Sub-National Finance

Category: Finance

Sub-Categories: Debt Finance, Guarantees

User: Public Sector

Donor: International Finance Corporation (IFC)

Donor Countries: Multi-donor

Description:

Offers local governments and creditworthy State-Owned Enterprises the opportunity to finance public infrastructure projects without sovereign guarantees. Also helps mobilize domestic resources, by e.g. using partial guarantee instruments. Primarily water and waste water, but also includes power, district heating, and gas transmission and distribution.

Location: Sub Saharan Africa

On- or Off-Grid: Both

Geography:

Developing countries that are a member of IFC, and regional programs.

Eligibility:

Creditworthy municipal and regional governments, and their service entities; selected nationally-owned infrastructure enterprises; banks and financial institutions that finance subnational infrastructure; PPPs that provide subnational infrastructure.
